

LET RUSSIA SOLVE
OWN PROBLEMS, IS
PRONKO'S ADVICE

Wrong For Any Country To
Help Russia, Declares
"Y" Secretary.

TELLS ROTARIANS
ABOUT CONDITIONS

Bolshevism Promised Much
But Gave Nothing, This
Speaker Declares.

It is entirely wrong for any country to help Russia. Let Russia fight her own problems. As the American colonies did. We should give her only our good will and moral support.

In these words S. M. Pronko, industrial Americanization secretary of the Youngstown Y. M. C. A., summarized an interesting resume of the evolution of Russia and her present day problems. He was speaking before members of the Rotary club Tuesday afternoon at the Elks home, having been presented by Atty. W. Campbell, chairman of the program.

Many causes have kept the Russians from developing, said Mr. Pronko who spent three years in Russia studying for the priesthood. The first he said was the serf help, 85 per cent of the people having been held as slaves until the emancipation in 1861. "And you cannot expect that in a short period of 60 years these people should be able to rule themselves successfully," he added.

Then came the Mongolian invasion, some of the impressions of which may still be seen today. Young people in Russia do not marry for love, Pronko said, but for economic advantage. The young man bargains for his bride and when he gets the most land or cattle from her father, the girl gives him a towel, which signifies their engagement.

The third handicap to Russian progress in civilization and culture, Pronko believes, is the jealousy of Japan and England over the growth of Russia. These countries have tried in every way to stop Russia's progress, the speaker asserted, and the Russian people believe that England financed Turkey in the Russo-Turkish war.

The autocratic system was painted by Pronko as Russia's biggest handicap, of only is there minority rule, but this minority knows very little about its business, he asserted.

In referring to the mode of living, Pronko declared that the city dwellers are the only sufferers in Russia today. Every peasant makes every thing he consumes, including all his clothes and food. As a result, the peasant is not affected as badly economically as the laborer in the city.

The speaker described the Russians as very kind, comprising the most sympathetic nation in the world, and very hospitable. Their melancholy finds expression in music and literature, but they are very talkative, all their conversation centering on literature, music, philosophy and politics.

Bolshevism he declared to be greatly misunderstood and misinterpreted. He said Bolshevism was started by refugees who had to leave Russia on account of their political convictions. They adopted a campaign of terror for terror, blood for blood.

Bolshevism he declared to be great, but gave none; instead it produced internal warfare. It promised equality but gave none, denying freedom of speech and of the press, and Socialism has failed ridiculously in Russia," he said.

HIGGINS CONDITION
REMAINS SERIOUS

Man Who Hurlled Himself
In Front Of Automobile
Falls To Rally.

W. E. Higgins, Hartington, Neb., who attempted to kill himself with the wheels of the automobile of W. S. Arbaugh, Monday morning is still in a dazed condition at the Central Clinic hospital.

Physicians have questioned him but he will not reveal any motive for the attempted suicide. It is thought at the hospital, however, that Higgins is too dazed by the shock caused when his head struck the pavement to answer the questions of the doctors. Answers come slowly from his lips and the injured man gropes for his words as though he lapsed into unconsciousness at times.

Tuesday Higgins was in a too serious condition and the physicians decided not to X-ray his chest and body until Wednesday. A deep gash under the chin and a cut over the nose between the eyes are the only visible lacerations.

No answer has come to the telephone sent Higgins' brother in Nebraska. The card found in Higgins' pocket said to notify J. E. Higgins in case of accident or death. The authorities believe that the man had contemplated suicide.

Live Stock Parade Opening
Feature Of County
Fair Wednesday.

Lisbon, Sept. 12—Despite threatening skies and frequent showers, visitors at the county fair began arriving at the gates at 6 o'clock Wednesday morning and by 10 o'clock the entire center ring was filled with parked autos and hundreds of others arriving each minute.

A large force of special police kept the traffic moving and there were no accidents in the village or approaches to the grounds.

At 10 o'clock the big live stock parade was headed by the Columbiana band, circled the race track. The procession was nearly a half mile long and contained some of the finest horses and cattle that had been exhibited here in years, many of them being state fair winners.

The racing started at 12:30 with Starter P. O. Beagwith in charge. After a conference between the horsemen and judges the three heat plan for each race was agreed upon, instead of the usual five heat plan or the best three heats in five.

The new grand stand was filled with area fans when the first race was called and the Harmony Players from Salem a seven piece orchestra, furnished music between the heats.

It is estimated at 10 o'clock that there were 3,000 visitors on the grounds and the entrances at that time were thronged with people.

TWO ARE ELIGIBLE
FOR POSTMASTER

Postmaster Wallace's Term
At Columbiana Will
Expire Oct. 1.

Columbiana, Sept. 12—Word has been received from Washington that the civil service commission has certified the names of Fred D. Lodge and Roy E. Weaver to the postmaster general as the eligible candidates for the appointment of postmaster at Columbiana.

The recommendation of Congressman Frank Murphy will be the deciding factor in the contest, it is expected.

Postmaster W. O. Wallace's term expires Oct. 1. Columbiana patrons agree that he has discharged his duties with dispatch and courtesy.

Canton Man To Speak
At Kiwanis Luncheon

W. E. Eshelman of Canton will be the principal speaker and guest of honor at the weekly luncheon of the Salem Kiwanis club in the Elks home at noon Thursday. "Hold Her Newt," is his subject. Eshelman, who has spoken before many Kiwanis clubs of the country, is a former president of the Canton club.

Rotary Club Will Observe
Constitution Week

Constitution week, in observance of the completion and designing of the constitution of the United States on Sept. 7, 1787, will be observed by the Salem Rotary club at its meeting next Tuesday noon.

Arrangements for the special program were made Tuesday by the board of directors, who decided to invite Atty. W. L. Hart of Alliance, president of the Ohio State Bar association, to address the club next week. The school's also were asked to make arrangements for a celebration and the ministers are requested to devote part of their services to some reference to the constitution.

Portable Building May Be
Erected On Prospect
Street Grounds.

Another grade school will have to be built within a few years in order to take care of the rapidly increasing enrollment, in the Salem public schools, is the prediction of school officials.

Provision will have to be made immediately to take care of the unusually large attendance at the Prospect st. school where over 50 pupils are in each of the six rooms. The state law says that only 35 pupils are allowed in each room.

At the Prospect school are many little tots who cannot be sent to other buildings because of the railroad crossing. These children are at a disadvantage because it is impossible to give each child individual attention with so large an attendance in each room.

In one room at McKinley ave. building there are 57 pupils for 42 seats. The additional pupils are temporarily being housed in another part of the building. The congestion at this building is as bad as that at Prospect.

School rooms all over the city are very crowded. Supt. Alan estimated that there are on an average of 50 pupils in each room in every building. The board will have to make provisions for the Prospect st. pupils immediately and a portable building may be erected.

At the time of the vote on the six room addition to the High school the board made it plain that it could not promise that no other buildings would have to be built soon. In fact some of the board members stated that a grade school was a possible solution to the crowded condition in a short time.

Supt. Alan made some interesting comparisons of this year's attendance with that of 1917, the first autumn term that the new High school was opened. The total 1917 attendance was 1879 and in the same number of rooms this year is 2166.

GIRL HELD FOR
PROBATE COURT

Acting Mayor Flick Also Lectures
Young Men For Annoying Girls
And Conduct On Street.

Florence Peterson, 17, arrested last Friday for disorderly conduct and interfering with an officer, was arraigned before Acting Mayor B. L. Flick Tuesday night and bound over to probate court under bond of \$100.

Miss Peterson was arrested by Officer Bryn on Roosevelt ave. when the dog belonging to the woman attempted to bite Bryn it is said. When the officer tried to throw the dog from him Miss Peterson assaulted the officer, it is claimed.

Ed. Broderick, arrested early Sunday for shooting in the city limits and carrying concealed weapons, was given a suspended fine of \$10, being technically guilty of the two charges but released on good behavior.

Mayor Flick gave a number of young men a lecture after officers had arrested them for annoying girls, insulting persons on Main st. in front of pool rooms and congregating in crowds on the sidewalks, blocking traffic. All were released with the admonition that they act "like gentlemen" in the future. Some of the men denied the charges.

Mayor Hylan Passes
Comfortable Night

Saratoga Springs, N. Y., Sept. 12.—Mayor John F. Hylan of New York passed a very comfortable night. His temperature was normal this morning. The distention of his intestines, which came about yesterday afternoon, and for a time, complicated his pleuro-pneumonia illness, subsided during the night.

Warren Bank Looter Must
Face Trial.

Joseph M. Blata

Joseph Marciano Blata, a former barber, who rose high in finances, admitted that he had looted the Warren bank of Warren, Mass., of \$213,000, but entered a plea of not guilty and elected to stand trial, being sent to jail in default of a bond of \$25,000. Frank L. Taylor, the \$50-a-week guard-head president of the bank, is serving three to five years in prison for his part in the robbery.

Levi Longanecker, Aged 70,
Of Columbiana, Dies In
Salem Hospital.

Levi Longanecker, 70, Columbiana, died at 4 a. m. Wednesday at Salem City hospital, from injuries sustained in an accident at 5 p. m. Monday at the home of his son-in-law, Francis Harold, at Eureka, two miles north of Columbiana.

Mr. Longanecker fell backwards from a load of hay and fractured his spine. Mr. Longanecker spent most of his life in the vicinity of Leetonia and two years ago moved to Columbiana. He was a school teacher for many years and farmed for the last few years. He was a member of the Dunkard church.

Surviving are his widow and son, Vernon, who reside at West Park ave., Columbiana; three daughters, Mrs. Francis Harold, Eureka, and Mrs. Mary Hunsner and Mrs. Irene Snyder, North Lima, and three brothers and one sister, Noah of Canton, Jacob of Louisiana, and Simeon and Mrs. Solomon Esterly of Columbiana.

Service will be held at the home at 1 p. m. Friday and at 2 p. m. at the Zion Hill church, near Columbiana. Burial in the church cemetery.

Columbiana Young Men Hurt
Seriously, Auto And
Cycle Wrecked.

Charles Leonard and Harry Howell of Columbiana, aged about 25 and 21 years, respectively, are in a Youngstown hospital suffering from injuries sustained in an accident early Monday evening on the Youngstown-East Liverpool rd., three miles northeast of Columbiana, when the motorcycle on which they were riding collided with a machine driven by W. M. McDonald, Columbiana real estate agent. Mr. McDonald was uninjured but his car was badly damaged.

Leonard and Howell were in an unconscious condition when picked up following the accident. Their injuries are about the face and head. Howell, who is the more seriously injured, is reported to be unable to talk.

The motorcycle was following the machine and it is alleged that when McDonald turned his automobile into a lane along the road the motorcycle ran into the side of the car. The young men were thrown about 20 feet. The motorcycle is said to be a wreck. Witnesses exonerated McDonald from blame for the accident.

When 7 Warships Piled Up.

Los Angeles, Sept. 12—Plunging through a heavy sea and dense fog, the battleship Texas crashed headlong into the freighter Steel Sauter off Point Arguello lighthouse at 6:55 a. m. today, according to word received at Los Angeles harbor by the Radio Corporation of America.

The crash occurred within 14 miles of the rocks where seven U. S. destroyers went on the rocks Saturday night and within 50 miles of where the Pacific Mail steamer also crashed on Saturday.

The message from the freighter stated that a large hole had been punched in her side by the battleship.

The Texas navigators evidently catching sight of the other boat just before the crash, as she loomed out of the fog, reversed the battleship's engine's, narrowly averting a third to

Huge Funeral Pyres Blaze
Throughout Japan's Horror
Zone; 97,000 Are Cremated

Shanghai, Sept. 12—Huge funeral pyres continue to blaze day and night throughout the horror district of Japan as an apparently unending supply of their ghastly fuel keeps on pouring in from sections of the devastated region.

Fully 97,000 corpses have been cremated in Tokyo and Yokohama alone, according to semi-official reports reaching Shanghai today. Forty-seven thousand, two hundred dead have been burned in Tokyo while fully 50,000 have been reduced to ashes in Yokohama.

By actual count over 316,000 houses were destroyed by fire in Tokyo. The total fire insurance of Yokohama and Tokyo amounts to about \$2,000,000,000. This is over eight times the available capital of all the insurance companies involved. Full payment will be impossible.

Relief for the millions of sufferers is pouring in from all sides as a result of splendid distributing organization. The supply is more than ample for all needs. The situation everywhere is well in hand.

Wish To Experience Sensation Of
An Electric Shock Results In
Instant Death.

Dayton, Sept. 12—A wish to experience the sensations of an electric shock resulted in the instantaneous death of George Nobel, 22, here today in the plant of the Deleo Light Co.

Nobel was assisting electricians repairing an electric furnace. Seeing two wires hanging nearby he asked, "If I touch that wire will I get shocked?" Follow workmen replied, "No, not unless you touch both of them."

Without thinking the young man would do anything to endanger himself, the other men went about their work. Nobel, reaching forward, grasped the two ends of exposed wire and dropped dead in his tracks. The shock killed him.

REP. MADDEN ILL,
IMPROVED TODAY

Washington, Sept. 12—The serious illness of Rep. Martin B. Madden, Republican, of Chicago, chairman of the house appropriations committee, aroused apprehension today among house Republicans over the danger of loss of his active house leadership. His condition today was reported improving.

Madden is a sufferer from heart trouble. He is 68 years of age. He has been an indefatigable worker and his chairmanship is one of the most onerous in congressional budget and apportionment money to the multitudinous government needs.

Officers Re-elected
By Clinic Auxiliary

Mrs. H. K. Yazgi was re-elected president of the Women's auxiliary of the Central Clinic hospital at the annual meeting of the auxiliary held Tuesday evening in Dr. H. K. Yazgi's office, Broadway. Other officers elected were: Vice president, Mrs. Mona McArthur; secretary-treasurer, Miss Helen Cosgrove.

The auxiliary is planning two benefits for charity work in the clinic, a bake sale for Saturday, Sept. 22 and the annual bazaar and bake sale for Dec. 14 and 15. The auxiliary holds monthly sewings for the clinic.

An open meeting for the members and their friends to be held Tuesday evening, Sept. 18, was planned by Quaker City No. 316, F. O. E. Tuesday evening. There will be an out of town speaker. Two candidates were initiated at this session.

Miss Helen McCreevy of Franklin ave., who is ill of pleurisy was taken Wednesday to the Central Clinic hospital.

WILLITE PAVING
GETS FIRST TEST
ON GOSHEN ROAD

Knox Delegation Requests
County To Help Grade
Georgetown Road.

Columbiana county contracted for its first bit of Willite paving this week when the commissioners let a contract to the Ohio Willite Paving and Surfacing company of East Liverpool to repair and surface the Goshen rd. with that material for a distance of 1.13 miles. The road to be repaired extends from the city limits of Salem to the Mahoning county line.

When bids for the work were opened last week by the commissioners for J. D. Paxson of Salem, for approximately \$15,000, was found to be low. It was for bituminous macadam. Some confusion resulted from the fact that bids were for 14-foot and 15-foot roadway and the commissioners held up the award.

Meanwhile they visited residents along the proposed improvement and found that a majority preferred to have the road surfaced with Willite. The Willite bid was for \$21,895. Property holders made up the difference and the commissioners declared that they were going to give the patent surfacing material a test.

To Start Work Soon
The Willite company will finish its work in Fifth st., East Liverpool, a week from Saturday, according to Frank Swaney, manager, and will then begin work on the Goshen rd. which, he said, should be finished within three weeks from that time. Traffic will not be interrupted.

Bids for improving a short stretch of the Clarkson-Elkton rd. were to have been received but only one came in. The contract was awarded to Seth Morris for \$6,847.

The commissioners kept their long-debated engagement to meet the Mahoning county commissioners at the county line in regard to a large ditch built jointly 2 years ago and since fallen into disrepair.

The party walked more than two miles through underbrush and bog, viewing the ditch from different points. They found it clogged with undergrowth and its waters dammed by gravel bars, ruining considerable good farming land.

No Agreement Reached
The Mahoning delegation proposed that both counties chip in to dredge the ditch and start-time waters flowing again, but Columbiana county's commissioners did not entertain the idea with any amount of enthusiasm, since there is no money in the treasury for this purpose and the cost would be high. The ditch is broad and deep.

Chairman John H. Kerr of this county suggested that it was a project to engage the attention of the state and that a special piece of legislation should be framed to cover it. Mahoning, however, demurred, convinced that action would be assured more quickly if both counties got behind the work.

Road Work Opposed
A letter was received from the state highway department stating that sales of letters had been received from residents along the Unity-Petersburg route asking that a road be improved there. The department asked that the commissioners inform it of its attitude. The commissioners declared that the Unity-Petersburg rd. is far better than many roads in the county and that among those in the same locality which need improvement that leading from East Palestine to Negley is in worse shape.

A delegation from Knox township requested that two miles of the road leading south from North Georgetown be graded at mutual expense of the township and county. They asked that a survey be made by the county engineer. One year ago, the members said, the county promised to help on the project, but because the survey was not made no grading by the township was attempted. County Engineer L. C. Kirk promised to devote two days soon to the survey.

Constitution Week

THE American Bar association has issued a call urging all citizens, including every group of patriotic Americans everywhere, to join in a celebration of "Constitution week," Sept. 16-22, next, that they may be brought, through public instruction and discussion, to a better understanding and realization of the meaning of and the benefits they have derived from this great charter of human rights and liberties.

Under the auspices of the American Bar association, a national Constitutional Anniversary association has been formed, with the object of promoting general celebration every year of Sept. 17, the anniversary of the date on which the constitution of the United States was signed in 1787.

The idea is most commendable, and especially now. It is to be regretted that the average American citizen has but a vague idea of the text of the document and even less of what it was intended by its framers to accomplish in guaranteeing citizens independence and liberty.

Most good Americans believe that they ought to read the Bible. It would add to the sum of their patriotic mental equipment were they also inspired to read, study and absorb the beauty and truth of the constitution of the United States at least once a year, although more frequent and serious consideration of the great document would be all the better.

One of the many reasons that the constitution should be read and studied by every American adult is that every adult is a voter in a sovereign state. If he or she neglects the study and interpretation of the charter of American liberty, special groups will inaudibly promote their own interpretations to the detriment of the average citizen.

New Game Chief

AFTER many delays and much palaver, the new chief of the Ohio Fish and Game Division has finally been appointed. The new man is Dent O. Thompson, a Coshocton, Ohio, and he succeeds John Bliss, deceased, who was temporarily in charge of this important division of state government.

In keeping with Gov. Donahey's method of reaching into the grab bag of personal political friends, and yanking out "hit or miss" selections, he has run true to form.

Thompson is said to have made the statement that "he never shot a gun, and never vest a line" but he draws the grand prize, and will hereafter receive \$3,600 "iron men" per year, which will be paid him out of the hunters' license fund. He also is quoted as saying he "never bought a hunters' license in his life."

Naturally he is a political friend of A. Victor and was appointed by Donahey as superintendent of pardons and parole. When this position was legislated out of existence, Donahey placed him in the position of chief of the fish and game. Perhaps Gov. Donahey thinks that Mr. Thompson's experience with prisoners to be or about to be paroled, qualifies him for the position of commanding the division of state government in which good honest sportsmen of the state of Ohio are so deeply interested.

Now Senate Lacks Octogenarian.

The death of Senator William P. Dillingham of Vermont removes from the senate rolls the last octogenarian. And on March 4, when congress adjourned, there were three.

Senator Page, also of Vermont, who was eighty last January, retired on that date.

Knut Nelson of Minnesota, three weeks younger than Page, died in May on his way from Washington to his home.

And Dillingham, midway in his eightieth year, died early in July.

Removal of these octogenarians from the senate leaves Francis E. Warren of Wyoming, now one month past seventy-nine, the oldest member. Next comes LeBaron Colt of Rhode Island, seventy-seven; then Albert B. Cummins of Iowa, a youngster of seventy-three, third; Lodge of Massachusetts, three months younger than Cummins, fourth.

THE CARE OF THE HAIR

The loss of your hair may not mean much to you but to many it is a serious matter from many standpoints.

Now what causes it?

I am generally agreed among hair and skin specialists that it is a disturbance in the circulation of the blood, and some are of the opinion that the composition of the blood has also something to do with it.

That men become bald earlier than women is due to the constriction of the blood vessels supplying the scalp by the tight bands and unventilated crowns of the modern hat.

This pressure prevents proper functioning of the hair cells and follicles. Similarly the tight corset causes to occur more frequently in women, congestion of the liver and gall bladder to occur more frequently in women.

About five to one I believe is the proportion of women to men.

Now what is to be done about it?

Well the first thing is to get something that will cut the layer of dead tissue or dandruff that seems to hold the scalp so tight that it is almost like this.

Many of the advertised shampoos or hair soaps will do this for you. Perhaps it will take three or four applications to get it all loosened away, but it simply has to be done before you begin the real treatment.

And the real treatment is the moving of the scalp to stimulate circulation.

A little olive oil or vaseline rubbed gently is of help after the massage of the scalp. Don't rub the hair. Just place all your fingers on the scalp move the scalp in every direction but do not move your fingers. Three or four minutes daily is sufficient to stimulate circulation. Stimulated circulation means growth more often than you think. It takes weeks for the hair to come through so do not be discouraged.

It is worth the effort.

Japanese Editors Poorly Paid.

Japanese newspaper men work for small salaries, but efforts are being made by prosperous newspapers in Osaka to elevate the standard.

The Osaka Mainichi, which has a daily circulation of about 800,000, has made substantial increase in its existing scale of salaries. Together with a bonus distributed twice a year, actual pay is two to three times the specified salary.

More and More

The more we know, the more we know we ought to know. Likewise, the more we save, the more we know we ought to save.

It should be our aim to save "more and more" each week, month, or year of our life. We can never save too much. One realizes this in his older life more than the present. Few people look into the future. Money saved now has a greater value as the person grows in years.

(Issue of Sept. 12, 1903)

The terrible wind and rain storm which passed over this city Thursday afternoon did a lot of damage. Numerous shade trees were blown down or broken off. Farmers report serious damage to corn and fences.

The city mills have been shut down all this week in order to make some extensive repairs, and place some new machinery.

The corner stone for the new city hall at Lisbon which is under construction, has been laid. There was no special ceremony.

Thursday evening members of the Elks lodge paraded the street for the purpose of advertising their excursion to Cascade park. The parade was headed by Quaker City band followed closely by three automobiles.

The statement is made that New York city still has 115 miles of horse railways.

Rev. Harry Hays, evangelist in the Friends church, and Miss Edna E. Palmer, daughter of Mr. and Mrs. Stephen Palmer, Beloit, were married Sept. 10 at the bride's home.

Mrs. Ephraim Bard, Wilson st. was given a surprise party in celebration of her 50th birthday anniversary. Her three sons, George W. William J. and Arthur S. Fisher and their families were present.

Frederick Hole and Arthur Mullins left Thursday for Cleveland, where they will spend a few days fishing.

William Walworth, well known stock dealer and storekeeper at Lakewood, is seriously ill of typhoid fever.

Ben Johnson, who resides south of the city, and a Mr. Brantingham, of Winona, expect to leave this city Sept. 15 for Seattle, Wash., where they will spend some time.

BRACE UP

Do you feel old before your time? Is your back bent and stiff? Do you suffer from urinary disorders? Do not despair. Consult by Salem experiences. Salem people recommend Dean's Kidney Pills. Here is a Salem resident's statement.

Mrs. Charles Wilson, 92 Columbia st., says: "My back was so sore and lame, it was all I could do to get out of bed in the morning. I could hardly touch my back over my kidneys and often during the night, pains kept me awake because the slightest turn brought a sharp twinge in my back. It was hard for me to do my housework and I got dizzy at times. Before the day was over, I felt tired and languid. My kidneys were in a weakened condition and as one of our family had used Dean's with success, I bought a box. After the second box, the symptoms of kidney trouble disappeared. Whenever I need a kidney medicine, I always fall back on Dean's. They fix my kidneys up in good shape."

Fights To Oust Breese As Executor

J.L. Breese, Countess of Ancaster & Lady Innes-Ker

Three heirs of his mother's estate, two of them members of the British nobility, have filed application in the surrogate's court in New York city to oust James L. Breese, famous society leader and artist, as executor.

He is charged with mismanagement of the property and with having made personal use of it. Mr. Breese is trustee of the large fund created by his grandmother, Eloise L. Lawrence and by his mother, Mrs. Augusta E. Breese, who died in 1908.

Mr. Breese's first wife was the daughter of Maj. Gen. Robert B. Potter and a niece of the late Bishop Potter. He is a member of many clubs in New York city and thrived society when he staged the famous "Girl in the Pie" dinner at his studio several years ago.

The petitioners are his two nieces—Lady Alastair Innes-Ker, who was Anna Parsons Breese, and the Countess of Ancaster, who was Eloise Breese, both daughters of his brother, William L. Breese.

The third is William L. Breese, son of Mrs. Julia Keene Fish Breese, of New York, and grandson of Hamilton Fish.

Marshall's last Sunday afternoon, Mrs. Vernon is 92 years of age and came here in '36 and was a resident for several years.

Firm, Plump Flesh!

MANY are the eyes that are turned to gaze with keen admiration on the well developed, healthy girl no matter where she may be—on the rapidly moving thoroughfare or gliding gracefully over the dance floor.

All eyes turn because we all appreciate the girl with the figure so firm and plump—the girl with radiantly red cheeks, cheeks that carry a touch of roses from nature's own garden—the girl with the sparkling eyes, keen and sharp—the girl with buoyancy and the swing of youth.

Not necessarily an out-of-doors girl. Just a girl with ever increasing blood cells. Just a girl filled with the vim and vigor of youth.

S. S. S., since 1826, has stood for increased blood cells. S. S. S. means restored strength—rekindled vitality—added energy. Take S. S. S. and watch the bloom of youth return to your cheeks. Watch that flabby, ill nourished flesh fade away before flesh that is firm and plump. Red blood cells will do it and S. S. S. will build them. It contains only pure vegetable ingredients. S. S. S. is sold at all good drug stores. The large size bottle is more economical.

SOCIETY

Blythe Reunion

About 30 near relatives of G. S. Blythe, deceased, attended a reunion Sunday at the home of Mrs. J. E. Holmes, at East Palestine. Among those in attendance were Mrs. J. W. Blythe and daughters, Florence, Edith and Helen, of Pittsburgh; Mrs. W. J. Viers, Mrs. Mattie Hines and Mr. and Mrs. John L. Walton and son, Billy, Salem; Mr. and Mrs. Oliver Blythe and children, Clementine, George, Donald and Kathryn, and Mr. and Mrs. W. B. Walton and sons, Orva and Earl, Winona.

This event celebrated the birthday anniversary of Donald Blythe, and a birthday cake was served with the cafeteria dinner in his honor. Twelve candles ornamented the cake.

Loyal Women's Class

The Loyal Women's class of the Christian church will give a benefit entertainment the latter part of October. A committee to arrange for it was appointed at a meeting of the class Tuesday evening.

Further plans for the bazaar to be held in December were considered. To this meeting each member brought a towel, which will be sold at the bazaar. Miss Sarah Coffey's division had charge of the program. Miss Eldora Miller gave a reading and Mrs. Cora I. Schwartz and Mrs. W. W. Brown sang a duet. Mrs. James Briggs' division served the refreshments.

Classes Hold Wiener Roast

About 50 young people of the graduate department of the First Christian church enjoyed a wiener and marshmallow roast, given by the members of Mrs. Harry Clay's class at the summer home of Atty. and Mrs. J. B. Harris, south of Salem, Tuesday night.

A huge brush pile was burned and in its light the guests assembled for story telling, singing and general merriment. In the company were guests from Lisbon and a number of students who will leave soon for various colleges to complete their courses of study.

Helping Hand Class

The Helping Hand class of the M. E. church held its annual picnic Tuesday at Perry grange hall, Franklin rd. with Mrs. Oliver Zimmerman, hostess. It was well attended by the members and there were three visitors.

Reports showed that 53 calls had been made and 35 bouquets distributed. Mrs. Bundy and Mrs. Hoober announced birthdays. Mrs. Bertha Malmesbury gave a reading. Plans were made for Rally day. The next meeting will be at the church.

Homemakers Club

Two new members were added at a meeting of the Homemakers club Tuesday afternoon at the home of Mrs. Marion Bower, near the Newgarden rd. Select readings added interest and a pleasing lunch was served.

On the second Wednesday in October the members will hold an all-day meeting at the home of Mrs. Willis Boone. There will be a covered dish dinner and the time will be devoted to quilting.

Luncheon and Bridge

Entertaining at luncheon Tuesday Mrs. C. E. Bartholomew received her club associates and a few friends at her home, McKinley ave. Bridge was introduced and the club prize was won by Mrs. John McNutt, while the guest prize was awarded Mrs. Thomas Koser, Mrs. Lacey, of Binghampton, N. Y., was an out of town guest. The members will meet again in two weeks.

Unity Bible Class

A corn and wiener supper was enjoyed by members of the Unity Bible class of the M. E. church Tuesday evening at the home of Mr. and Mrs. Frank Muntz, Elliswood ave.

Business of the class was transacted after the supper and games were played at the local period. The next meeting will be on the second Tuesday evening in October.

Farr Class Meets

Miss Ocie Paxson and Mrs. Harry Vincent were associate hostesses at a meeting of the Farr class at the Vincent home Tuesday night. Mrs. Crawford was an invited guest.

At the business meeting it was decided to hold a bakery one week from Saturday. Fancywork, music and a lunch were features of the social period.

X. L. Class Corn Roast

All members of the X. L. class of the First Baptist church are asked to meet for a corn roast at 6 p. m. Friday. The guests may leave Salem on the Stark Electric interurban car and go to Thompson's stop where the event will be staged at the rear of the Ralph Snyder home.

Miss Kelley Hostess

Miss Frances Kirkbride won the honors at bridge when Miss Nellie Kelley entertained her club associates Tuesday evening at her home, East Fifth st. The hostess served refreshments. In two weeks the members will meet again.

Mr. and Mrs. Alex Ballentine and Mrs. Anna Conley, of New Cumberland, Md., were guests Tuesday at the home of Mr. and Mrs. W. L. Vincent, East Fifth st. Mrs. Conley remained for a few days. The party was enroute home from Wooster, where they took Miss Ballentine, who entered Wooster university.

Mr. and Mrs. Thomas Borton, Gwendolyn Craig and Mrs. William Leigh and daughter, Alta, who reside in the vicinity of Damascus attended the fair Wednesday at Lisbon.

Mrs. Leroy Lester and little son of Castalia, are guests of her mother and sister, Mrs. Gilbert and Mrs. James Primm, Superior st.

Mrs. Myron Hileman, of Leetonia, was a Salem visitor Wednesday.

Miss Sylvia Marburger of Chicago was a Salem visitor Wednesday.

New Commander Of G. A. R.

G. M. Saltzgaber, N.R.

Galord M. Saltzgaber of Van Wert, O., has been elected commander-in-chief of the Grand Army of the Republic at the reunion of the Civil war veterans in Milwaukee, Wis.

Honor Miss Rogers

Miss Mary Rogers, whose wedding will be an event of the near future, was honored at a meeting of the Young Ladies Sodality, held at the K. of C. rooms Tuesday night, when members of the sodality presented her a fine gift.

Misses Helen Murphy, Bertille Paumier, Margaret Becker, Hazel Lottman, and Helen and Virginia Walpert served a lunch. Miss Helen Lowry of Leetonia was an invited guest.

Marriage Licenses

Miss Ida Clark of Moultrie and H. F. Nieswonger of Canton, were married Tuesday evening in Lisbon by Rev. P. W. McCauley of the Presbyterian church.

Marriage licenses were granted to Mary Newcomer, of East Palestine and Fred C. Boston of Washingtonville; Olive L. Summers of East Rochester and C. H. Saffel, of North Georgetown; Katherine Sweeney and Charles E. Munday of Washingtonville.

At Miser Home

A jolly time was enjoyed by members of the Christian Endeavor society of the Presbyterian church at a corn and wiener roast Tuesday evening at the home of George Miser, Goshen rd. The society held its regular business meeting at this time.

Friendship Class

Members of the Friendship class of the First Friends church, taught by Frank Coulson, met Tuesday evening with Mr. and Mrs. George Weigand, South Lundy st. A social period was enjoyed after a business session.

Agoga Class

A special meeting of the Agoga class of the First Baptist church will be held at 7:30 p. m. Thursday at the church.

Miss Frances Kirkbride and brother, Frederick, have returned from a stay at Long Lake, Mich. Miss Ella Kirkbride and Louis Kirkbride, with a friend of Louis who will attend Yale college, will return to the city in a short time.

Mrs. Marie Moore, of Omaha, Neb., arrived here Wednesday to visit her mother, Mrs. Shinn, Chestnut st.

Mrs. A. W. Stoner, Tenth st., is spending several days in Akron.

BAKERS DROP LOTUS LEAVES

Shanghai Government Forces Them to Use Waxed Paper for Wrapping Their Products.

Shanghai bakers used to wrap their bread and cakes in nice green lotus leaves. But the days of this romantic practice are gone forever. According to the new regulations covering bakery products, bread and other products must be suitably wrapped in greaseproof or similar papers. The clause in the regulation covering this particular requirement quoted by Assistant Trade Commissioner A. V. Smith in a report to the Department of Commerce, reads as follows:

"That bread and bakery products shall, upon sale or when carried or handled for sale, or delivered in baskets, vehicles or otherwise, be suitably wrapped in greaseproof paper or other cleanly covering, in such manner as to completely protect the bread from dirt, dust and flies, or from harmful contact in handling."

Attorney General Renders Opinion on
Operation of the Dow-Aiken Tax
Act—Ohio Traffic Men to Meet at
Columbus Next Week—Reforestation
to Be Discussed at Meeting at
Bryan Park.

Columbus, Sept. 12.—Commissioner Norman E. Beck of the state securities division reported to Governor Donahy that his department had revoked or refused certificates to 662 corporations, representing \$508,587,475 of stock par value and 14,971,826 additional shares of no par value in the last seven months. According to report there has been a decrease of 400 in licensed securities dealers in the seven months and a decrease of 1,154 in number of licensed agents. Dealers decreased from 1,498 on Feb. 1 to 439 on Aug. 31, and agents decreased from 8,315 to 1,161 during the same period. Many of the licenses suspended resulted from the new "blue sky" law, which became effective in July, requiring bond from all agents and dealers.

The securities division, according to Beck, is now securing sworn financial statements from corporations which have certificates, in an endeavor to determine whether any additional securities previously certified should be barred from sale in Ohio. The division is for the first time making examination of each licensed chattel loan company and pawn broker, as required by law, Beck reported.

Sale of securities in Ohio has been practically at a standstill since February, since the failure of the Cleveland Discount company and other companies certificated by the state, Beck stated. His report said that these corporations were qualified by previous administrations and prior to Feb. 1, 1932, when he took over the department.

"Legitimate dealers and enterprises, however, realize that business conditions will be vastly improved just as soon as the investors' confidence has been restored and stocks of doubtful value are not offered," Beck concludes in his report.

"The division can not eliminate the hazards of business, and because of this fact no one is justified in buying securities to rely solely on the fact that the securities have been qualified in the securities division," Commerce Director Locher wrote, in a letter accompanying Beck's report to the governor. Locher commended Beck's efforts and told Donahy the division is functioning efficiently, administering the "blue sky" law "without fear or favor."

Members of the Ohio state rifle team to represent Ohio in the national shooting matches at Camp Perry have been announced by Adjutant General Frank D. Henderson. The team is composed of both officers and enlisted men and they are as follows:

Captain William E. Fleckner, 148th Inf., Oak Harbor; Captain John S. Clark, 147th Inf., Milford; Lieut. Daniel R. Maxwell, 166th Inf., Columbus; Sergeants A. R. Dues, 148th Inf., Fort Recovery; Leo A. Arntz, 145th Inf., Canton; William S. Heston, 107th Cavalry, Columbus; and Leroy F. Kuehn, 145th Inf., Canton; Corporals Russell Parks, 145th Inf., Warren, and F. M. Ranscher, 147th Inf., Milford, and Private Franklin W. Mohr, 166th Inf., Delaware.

Captain Benjamin L. Kilper, 145th Inf., Canton, is team coach, and First Lieut. Clark C. Rice, Headquarters Co., 37th Division, Chillicothe, team captain.

According to an opinion rendered by Attorney General Crabbe, the Dow-Aiken tax against property owned by persons convicted of violating the state prohibition laws may be levied against any goods and chattels owned by such persons within the county, or upon the bar, fixtures, furniture, liquors, leasehold and other holdings used in carrying on the business.

The ruling was made to Prosecuting Attorney Wayne L. Elkins of Lawrence county. It holds further that levy may be made also on the real estate whereon the traffic is conducted and any balance due after levy on the chattels may be made a lien on the real estate and collected as other taxes. No levy can be made on real estate owned by the violator and not used in the illegal business, however. Under a law passed by the last general assembly and effective on June 18, Dow-Aiken levies are secondary to mortgage liens, which are given priority. Prior to that date the tax levies held priority.

Another ruling by the attorney general is to the effect that a girl may be of age when she reaches the

age of 18 years in another state, but in Ohio she remains in the infant class until she is 21. Things were not always thus, but the last general assembly exercised its legislative wisdom and enacted a law changing the old order. And so, young women who have considered themselves independent and autonomous, not to say self-sufficient, when they attained their 18th year, are due for a shock. The law made no exemption in the case of young women who had already attained their 18th year when the act became effective, and those who have been of age for one or two years, or more, now find themselves thrust back into the minor class.

Traffic men, representing various manufacturing firms and other organizations who are members of the Ohio Industrial Traffic league will attend the semi-annual meeting of the league, to be held in the ballroom at the Deshler Wednesday, Sept. 12, according to James G. Young, secretary of the organization. At the invitation of L. G. Macomber of Toledo, the president of the league, two district managers of the American Railway association will address the meeting. Frank C. Schmidt of Toledo, president of the Ohio Association of Commercial Travelers, will speak on the subject of motor truck transportation and a representative of the public utilities commission also will talk. Many subjects of interest to shippers are scheduled for discussion at this meeting.

A policy of reforestation for the state will be discussed by leading authorities from all parts of the United States when the Ohio Forestry association meets at John Bryan park, the beautiful farm which includes within its borders more than 500 acres of virgin forest and which was accepted by the state as a park by the general assembly over the veto of Governor Donahy. The park is near Yellow Springs. The meetings of the association will begin Sept. 21. State Forester Edmund Seerest of Wooster has announced that ample provisions will be made for all desiring to camp out, while other will be taken care of in lodges and cottages on the estate.

Representatives of the Rotary club, the Kiwanis club, the chamber of commerce and the Columbus reforestation of churches will meet at the state penitentiary next Tuesday evening to discuss plans relative to the newly incorporated National Inmate Wall Institute. Aims and plans of the organization will be presented to citizens for the first time at this meeting.

Governor A. V. Donahy and Warden P. E. Thomas will be two of the principal speakers on the evening's program. Other speakers will include the officers of the national organization. A musical program by the penitentiary band and quartet will be given.

This meeting is the first of a series of meetings to be held in Ohio and other states on behalf of the prison school organization. More than 2,000 are expected to attend the meeting.

John E. Harper, director of public welfare, has sent a request to the state board of control asking for an appropriation of \$20,000 with which to build a new barn at the reformatory at Mansfield. The old barn, together with its entire contents, was recently destroyed by fire. The state carries no insurance on any of its property.

Mr. Harper said it would be possible to build a new barn, providing all the work was done by prison labor. Following this suggestion he asked for only \$20,000, as this would cover the cost of material to be used in the construction work. To award the contract for such a barn as is required at Mansfield, it is said, would cost several thousand dollars in addition to the cost of building material. It can be erected for the \$20,000 only by using prison labor.

Prohibition Commissioner Haynes, who has returned to his desk in Washington after recuperating at his old home in Hillsboro, has requested an appropriation of \$10,000,000 for federal work in enforcing prohibition next year, an increase of \$10,000,000 over last year. An increase of \$500,000 additional for enforcing the narcotic drug laws also has been asked by Commissioner Haynes, both requests now being before the budget offices.

Increase in the number of field agents as well as the Washington and field headquarters staffs of the prohibition forces is planned if the increased appropriations are approved by the budget bureau. President Coolidge and finally congress. More prohibition agents are believed by Commissioner Haynes to be needed. He said of the New York state enforcement law and partial failure of state co-operation elsewhere are understood to be the chief reasons for the request for additional appropriations.

The prohibition enforcement fund for the current year is \$2,000,000. This also includes funds for enforcing the narcotic drug laws.

Governor Donahy has proclaimed the week beginning Sept. 17, the 136th anniversary of the signing of the constitution, as "Constitution Week," and urges its fitting observance throughout Ohio. "Our republic is safe as long as its constitution is interpreted and administered properly by our officials," Donahy said in his proclamation.

STOCKS

MARKET IS IRREGULAR
New York, Sept. 12.—Irregularity marked the opening of the stock market today. Fractional advances and declines were about evenly divided. Madisons preferred, however, rose three points to 88 and Union Chemical 2½ points to 54. U. S. Steel at 93½ and Bethlehem Steel at 54 were off ½. Crucible Steel rose ¼ to 67½. Baldwin lost ½ to 124½. Studebaker yielded ¼. Hamilton OH was firm advancing ¼ to 54½. Cudahy rose ¼ to 31. Producers and Refiners was off ¼ to 28½. Pan American Petroleum up ¼ to 59½. Copper stocks were steady.

TROTZKY DENIES RUMOR OF DEATH

Moscow, Sept. 12.—The report originated in Berlin that Leon Trotsky, commissioner for war, is dead, is not true. "You can see I am alive," Trotsky laughed today.

CRUIKSHANK CRUBRO PRESERVES Strawberry

Better Than Home Made—Costs Less

Let Cruikshank do your Strawberry preserving. The short fruit season and prohibitive sugar prices, not counting time and labor, make home preserving a very expensive proposition.

The Cruikshank method of preparation retains the whole fruit, the original berry juice flavor and all the tempting goodness of big ripe strawberries to the last bite.

Crubro Strawberry Preserves are better than home made and cost much less. They have no equal at the price, considering their high quality and the quantity contained in the convenient Keystone Jar package.

Evangelist Conducts 24-Hour Prayer, Fast

Interest is increasing in the evangelistic services held at St. John's A. M. E. church, conducted by Rev. S. C. Crutcher. They will continue the remainder of the week. While all the people are invited to these services the colored people of the city are especially asked to attend.

A number of people attended the all-day and all-night prayer service and fast, held from 3 a. m. Tuesday to that hour Wednesday. Mr. and Mrs. Crutcher remained during the entire 24 hours, while some remained only for a part of the time.

American Dentists Meet In Cleveland

Cleveland, Sept. 12.—Senator Henrik Shipstead of Minnesota, the only dentist ever elected to the United States senate, will address a general session of the American Dentists association at public hall tonight upon the "Scientific Man as a Citizen."

Throughout the day the ten thousand dentists from all parts of the United States and Canada, here for the convention, will be engaged in sectional conferences upon questions related to the profession.

DAMASCUS

Morris Stanley, who has spent the summer in Syracuse, N. Y., where he was sent by Ohio State university, has arrived in Damascus for a two weeks visit with his mother before returning to the university for the coming term.

Damascus people contributed \$100 toward the Japanese relief fund. A number of Damascus residents attended the Lisbon fair Wednesday.

Mrs. H. L. Haddy and daughter have returned home from Greenford where they visited relatives.

COLUMBUS BANKER HEADS OHIO LEGION

East Liverpool Veteran Is Chosen First Vice Commander.

Springfield, Sept. 12.—General Chauncey B. Baker, Columbus banker and retired regular army officer, elected commander of the department of Ohio, American Legion at the closing session of the fifth annual convention of the department here Tuesday. The election was by acclamation. General Baker succeeded Gilbert Bettman, Cincinnati, as commander.

The other new state officers, all of whom were elected by acclamation are: First vice commander, William Feuka, East Liverpool; second vice commander, Wallace Thomas, Springfield; third vice commander, J. T. Goodman, Ashtabula; treasurer, John Sherman Taylor, Cambridge, reelected.

Zanesville was chosen as the 1924 convention city.

Prince Of Wales Is Traveling Incognito As Unknown Citizen

Quebec, Sept. 12.—Traveling incognito as Lord Renfrew, the Prince of Wales arrived here today to visit his Canadian lands. No salutes were fired as the liner Empress of France swung into her dock and the only mark of official attention was a sloop which hovered over the ship as she steamed into her berth.

The pier was strongly guarded by police. The prince's wish, expressed by radio, that he be treated like an unknown citizen was respected and there were only 200 people at the dock.

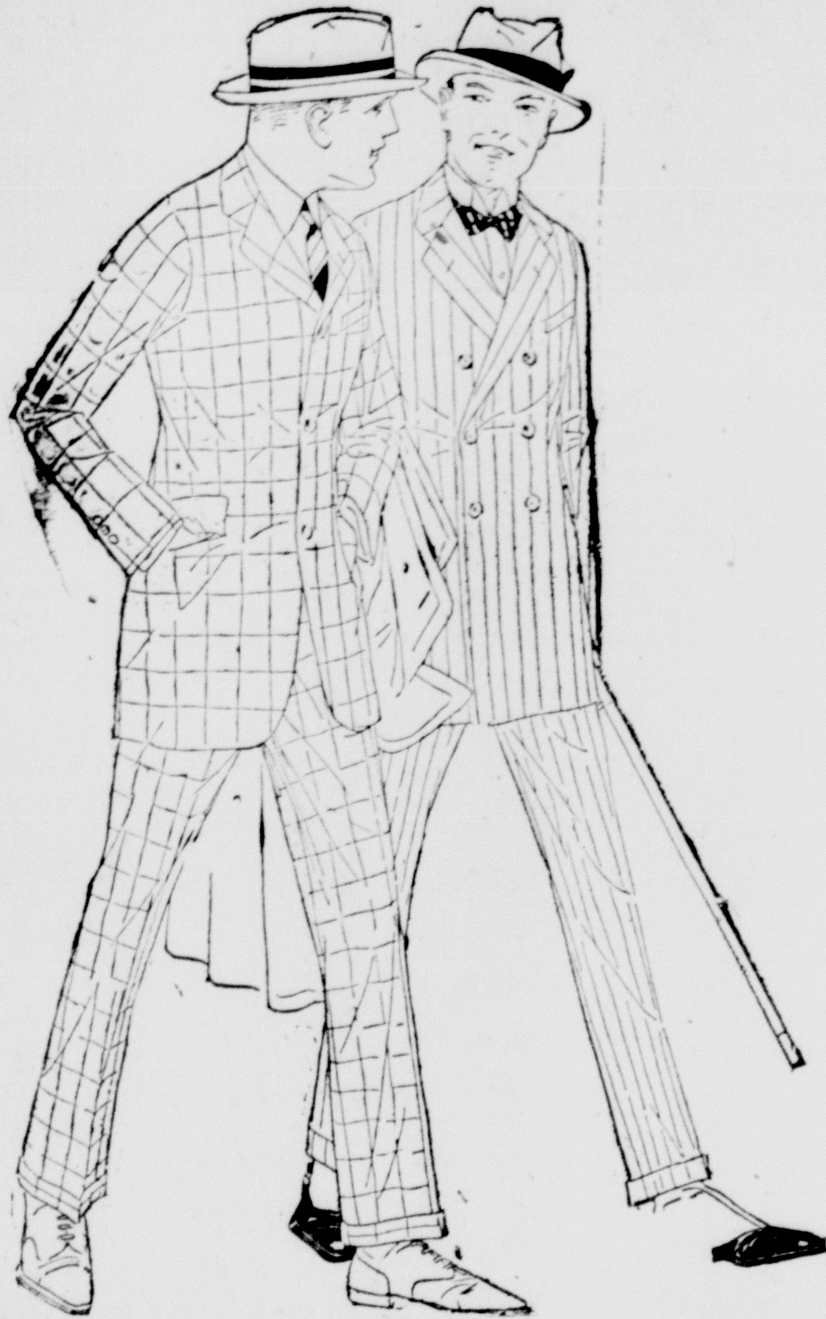

TRY THIS RECIPE TO MAKE COLD CATSUP

One gallon ripe tomatoes finely cut and of best quality, 1 pint garted horse radish, 2 nearly ripe peppers cut fine and with seeds out, 1 teacupful onions finely cut, 1 teacupful celery finely cut, 1 teacupful sugar, 3 pints best vinegar, 1 package Burky's Piccalilli and Cold Catsup Spices. Put all together and mix cold, and it will be ready for use. Seal and keep in a cool place.

Do not forget that for good results the vinegar must be of a good quality and the tomatoes etc., good and fresh. Send 30c today for a generous package of Burky's Piccalilli and Cold Catsup Spices. Sold and guaranteed by Alliance Drug Co., Box 356, Alliance, Ohio.

COACHES PUT HIGH SQUADS THROUGH LONG, HARD DRILL

Richtman Develops Backs, Assistants Coaching The Linemen.

Coach S. C. Richtman gave his squad of Red and Black gridiron warriors two hours of strenuous practice Tuesday afternoon in passing, punting and handling the ball, line plunges, blocking and hitting the dummy.

Over 30 suits have been issued and many without suits are also out to practice. The uniformed men are divided into two or more groups, Richtman handling the backfield men and ends, with Assistant Coaches Swanson and Nickel taking care of the linemen.

Richtman had the following backfield and end men in his squad, punting and passing the ball: Vollmer, Bova, Bingham, Cosgrove, Cox, Duncan, Brock, Reasbeck, Brewer, Rutzy, Cavanaugh, Sartick and Yengling.

Vollmer is one of the best punts at one of the half positions. He is fast, a good punter, and has all kinds of punts. He will bear watching this season as he ought to be one of the best backfield men in the county.

Bova, diminutive candidate for quarter, is being developed into a triple threat man and will be one of the most dangerous open field runners this year around here, is the prediction.

He can pass very accurately and punt the ball for good distance. However, end, is the longest kicker, but will only be pulled back from the line when necessary. With Sartick on the other flank Richtman will have two capable wingmen.

Cosgrove Looks Promising
"Red" Cosgrove is regarded by many who have watched practice as the most promising player on the squad. Over night he is becoming a "wild" in the backfield and he is sure to create a sensation before the season is over.

Bingham is fast but light at half. Duncan is a corner and a hard worker. He should get the call at half on the first team.

Under the direction of Assistant Coach Nickel about 20 linemen were given a long drill in the fundamentals that a lineman must know. Nickel, himself a star player, knows the game well, and handed out real advice, getting down with the men in the line plunges and tackling.

Who will be the center on the squad is still a question that confronts Director Richtman. It is thought probable that Simonds will get the call as he is heavy, and fits in the job well, lacking practice which he will get plenty of before the first game.

CHAMP HAS LAST PUBLIC WORKOUT

Time Passing Slowly, Jack Welcomes Gong When He Faces Firpo.

Saratoga Springs, N. Y., Sept. 12.—Jack Dempsey performed his last public workout in these parts Wednesday.

"And I'll say I'm a glad boy about that," said the champion. Of all the training camps I've ever had this has been the worst."

"Time surely passes slow," he complained. "It seems as if I've been waiting for the 14th of September for about nine or ten years. And I suppose it will seem like a million years before they ring that gong on Friday night and let me loose against this wild bull."

"I've said again and again that I welcome no fight more than this one with Firpo. I like to fight the big, hard swinging giants. That is the only time I dare let loose with both fists, without fear of breaking somebody's neck. I've been spoiling for just such a fight as this."

"Either I will knock Luis overboard in a hurry—or they will be hurrahing for a new champion."

INDEPENDENTS TO PLAY AT SEBRING

The Schafer Independents held a long practice session at Reilly field Tuesday night. A big squad was on hand and went through signal practice.

Manager Webber announced that the team will go to Sebring Sunday to play the Shafter Barbers at 2:30 p. m. Several plays were tried out Tuesday that the team expects to use Sunday. This game is regarded as only a practice game but as the Sebring team is always one of the best in this locality a real game is in prospect.

The trip Sunday will be made in automobiles and a large delegation of rooters will accompany the team. Howells of Sebring will probably be the referee.

McGraw Reinstates Hurler John Watson

Boston, Sept. 12.—John Watson, pitcher for the New York Giants, who was suspended for the balance of the season and fined \$500 for an infraction of the rules, has been reinstated, thanks to his fellow players.

Manager McGraw received a long distance phone call from Watson, in which the player asked that his suspension be lifted and promising to be good in the future. McGraw put it up to the other players, and on their guarantee that the pitcher would break no more training rules, he reinstated Watson.

GIRARD HIGH TO FILL OPEN DATE

Girard High will play Salem High here on Nov. 17, instead of Wooster, it was announced by Principal C. M. Rohrabach Wednesday. This completes the schedule, one date, Nov. 24, being left open as usual.

Sebring High, the opener here, is said to possess a fairly fast and experienced team according to reports. Massillon, the second game, and first out of town battle, will be the hardest game of the season.

The Beauty of Lamp Light

WHEN you stroll along the street at night, don't you love to see the lamps gleaming in the windows? How colorful the homes appear. How hospitable and inviting!

The lamps in your home give pleasure to others just as they make the rooms cheerful and home-like for you. Take off all the lamp shades some time, as an experiment, and see how glare-y the effect.

If your furniture is out of date but well-beloved, cover it over with cretonne slips. Put the simplest of drapes at the window—and get some new lamps. The soft light mellows the whole effect and shortcomings in furniture are overlooked.

This little service in home decoration costs you nothing. You'd have to have the light anyway.

"AMERICA FIRST" STILL OUR POLICY

ATTITUDE OF THE GOVERNMENT
TOWARD EUROPEAN MIDDLE
REMAINS UNCHANGED

NOT SELFISH, BUT WAITING

Recent Reports That the State Department Had Found a Plan and Would Offer Mediation Have Been Based on Ignorance.

By EDWARD B. CLARK
Washington.—If Washington should try to count the number of attempts which have been made to set forth the real position of the United States government toward European matters, it would be compelled to give up every other occupation for a day. There have been explanations and explanations, none of which has explained.

Recently there have been stories, some of which seemed to be authentic, that this government had found a plan which it intended to propose to act as a mediator in reparation matters, and with the story came another that the European governments were prepared to accept the offer and also, seemingly, the future was bright for understandings and for physical and financial peace in Europe.

Another story was to the effect that the United States was willing to act as mediator to adjust the differences between Great Britain and France, and that after these were adjusted it was thought it would be possible for these two countries, dominant ones as they are, to agree with the other allies on a course which would make Germany pay up and put an end to all thought of war and of other things menacing.

A great many Americans were brought to believe that the end of trouble was in sight "because American intended an offer of mediation." Someone who had access to the columns of a great many newspapers misinterpreted what was said at the State department, and also seemingly had no knowledge of things that had been said and done by the department in the recent past. The result was that old things were covered with a new dress which did not fit. It was old news taken as new news with a glittering promise that all soon would be well across the water.

No Change of Our Attitude.

True after time in the stories of the day European affairs soon were to be settled by American action, but time after time the pens which wrote the stories were confused. Seemingly today the United States, so far as the administration is concerned, stands just where it did two years ago save for the fact that within the two years President Harding enunciated his plan for American membership in the world court.

As some one has put it, the dominant note in our foreign relations today, so far as the State department is concerned, is "America First." This to a great many people who think that this country should help the world out of its difficulties, probably may seem like the quintessence of selfishness, but it is probable that the State department does not mean that anything it does or does not do is to be looked upon as being charged with a spirit of "America First."

The fact seems to be that the administration still is awaiting the day when the governments of Europe can agree among themselves on some course of procedure before it shall attempt to offer to help them along the course. There are other men here, however, who say that this country should point out the course to be followed and trust to fortune that the countries of Europe would be willing to follow it.

Old News Sent Out as New.

So long ago as last December Mr. Hughes intimated that an international commission might be appointed to take cognizance of the whole situation in Europe and find a remedy for the existing evils. Some of the European nations seemingly thought that this was a good proposition while others paid only the heed of temporary courtesy to the plan. A revival of the story of this intimated plan of Secretary Hughes probably is responsible for recent stories to the effect that the United States intended to offer mediation. Old news was played as new news by persons who did not know what the old news was.

So far as can be determined, therefore, the American position on European affairs is just about what it has been. Of course it may change at any time, but changes will depend almost entirely upon developments in Europe and not upon any likely deviation from present American policy under conditions as they still exist.

The country, seemingly, still is divided on the question as to whether or not the United States voluntarily should offer some proposal to Europe for a settlement of affairs. Washington apparently believes that the country is split just about half and half in opinion on this matter. The opponents of the plan for action by this country say that the matter was settled by the election of 1920 and that America should have nothing to do with European troubles. Others say that sentiment has changed since 1920, and that if the world is to be righted America should act and act quickly.

Uncle Tom's Cabin

There has never been so lavish and adequate a production of "Uncle Tom's Cabin" as that which Newton & Livingston will offer amusement lovers at Grand theater Thursday matinee and night.

The scenes are large enough to fill the most spacious stage. Those representing the Ohio river in winter, the rocky pass in which George Harris protects his family, the St. Claire plantation, the levee at New Orleans, the

cotton fields in full bloom and the "Celestial City," are all most notable effects. Each picture the reality as closely as paint and canvas will permit and the stage prospecting is so big that the effect is exceptionally pleasing. The company is also worthy of the environment, Frank Finney, the eminent minstrel star, offers an excellent study of Uncle Tom.

EXPECT GREAT THINGS in the NEW CADILLAC

Even the superb quality which you have long associated with the name Cadillac is no adequate measure of the merits of the New V-63.

The simple truth is that Cadillac has advanced its own standards and achieved, in this car, heights of quality which are strictly new.

Your attention is directed, particularly, to these three elements:—

The New Cadillac V-Type 90°, 8-cylinder engine—harmonized and balanced by entirely new principles of design to a degree of smoothness unapproached in automotive manufacture.

New Body Styles—destined by their graceful symmetrical design, distinctive

finish and exquisite appointments, to be the center of admiration in any company.

Cadillac 4 Wheel Brakes—a safety factor developed with the care and thoroughness characteristic of Cadillac engineering.

New delights await you also in enhanced dependability, ease of control, riding restfulness and, indeed, in every phase of car performance.

It is entirely logical that Cadillac, pioneer leader of eight-cylinder manufacture in America, should now raise multi-cylinder practice to an even higher pitch of excellence.

This is exactly what has happened in the New V-63, and Cadillac urges you to approach this fine car with **great expectations.**

WOMEN OF MIDDLE AGE

Much Interest Being Shown in the Large Number of Women Safely Carried Through the Change of Life by Lydia E. Pinkham's Vegetable Compound

The Following Letters Are Impressive

Owing to modern methods of living, few women approach this perfectly natural change without experiencing very annoying and often painful symptoms. Those dreadful hot flashes, nervousness, headaches, melancholia and irritability are only a few of the symptoms incident to this trying period of a woman's life, and the following letters prove the value of Lydia E. Pinkham's Vegetable Compound to overcome these abnormal conditions.

"Fisherville, Ky.—'For several months I was under the doctor's care as he said my nervousness, chills, hot flashes and weakness was caused by the Change of Life, but I did not seem to get any better. I was not able to work and spent most of my time in bed. A friend called to see me and asked me to try Lydia E. Pinkham's Vegetable Compound, and I cannot tell you how much good the medicine did me, as I had such a hard time before taking it. I can only advise every woman passing through the Change of Life to take Lydia E. Pinkham's Vegetable Compound, as it did so much for me.'—Mrs. EDWARD B. NEAL, Star Route, Fisherville, Ky."

Seek and Ye Shall Find.

Ash barrels and garbage cans may contain treasures. Many years ago a New York man named Crawford was visiting the national capital happened to notice an extra large peach stone in a garbage can that was standing on the curb, and he wrapped it in a piece of paper and carried it back home with him. He planted it and the seedling that came from that stone was the source of all the excellent Crawford peaches in the world.

The Pictured
SUITE
\$198

THIS exquisitely designed, richly upholstered living-room Suite, is remarkable at so low a price! It is gratifying to know, too, that in addition to its rare beauty the Suite is Rex Sanitized—absolutely moth and germ proof.

Choice of Taupe, Blue or Mulberry Velour

It is luxuriously upholstered in selected velour of exceptional sheen and beauty; notice the loose spring cushions, the deep coil spring backs, the heavy roll arms. It is living-room Furniture of the finest character, fit to grace any home.

Richly Carved and Finished in Polychrome Mahogany

The beautifully carved Queen Anne Period frame is an extraordinary asset at this price. They are finished in mahogany, artistically treated in a new polychrome tone. All three pieces are included: the comfortable wing-back chair, full-size davenport and chair as pictured.

Introducing
Upholstered Furniture
Sanitized Against Germs and Moths

It is our good fortune to be the first to present this type of Furniture in the city of Salem.

The beauty and comfort of luxuriously upholstered Furniture has always been offset by the menace of the germs which it harbored. With a determination to eliminate this unpopular feature, scientists have worked out plan after plan. The satisfactory result is presented in "sanitized" Furniture.

This Furniture is especially treated, by an exclusive patented process, so that every particle of raw material, every fiber that goes into its construction, both inside and out, not only is free from, but insured forever against germs and moths.

We ordered many Suites in our initial purchase, so impressed were we with the splendid qualities which they presented.

Other dealers in other cities are likewise ordering in large quantities. Consequently, the manufacturer is devoting an entire factory to the exclusive production of the Suite illustrated above. Volume production in the building of Furniture or any other thing means a real saving.

Thus we were able to purchase Sanitized Furniture at a figure which makes it a highly attractive feature.
